

# AN2 Club Spring Newsletter 2010

Welcome to the AN2 Club Spring News Letter, preparations are well in hand for the coming season for "Kilo Fox" and this could be the best season ever for our aircraft. Prior to the first event of the season some preparatory tasks have to be completed. On April 26<sup>th</sup>, for instance, Laszlo and his team will be coming over from Hungary in order to undertake the annual C of A inspection.

## AN2 Air Displays 2010

In addition to that our pilots Bill, James, Chris and Steve have been obtaining or renewing their Display Authorisations. So for this season we have several pilots available to display the aircraft in the air for the 5 flying displays so far confirmed. In addition when at a static display we could accept a last minute request for a flying display. Who knows, a Typhoon could become unavailable for a display and Kilo Fox could substitute – what a contrast!

Date	Event	Place	Status
8- 9th May	G- VFWE	Kemble	Flying Display
11 August	Families Day	Odiham	Flying Display
12-13 August	Sea Front	Lowestoft	Flying Display
18-19 September	B of B	Kemble	Flying Display

## HA-MKF AN2 Static / Other 2010

The big week for Kilo Fox will be beginning 7<sup>th</sup> August with our annual visit to the Kemble Steam Rally weekend then On Wednesday 11<sup>th</sup> August we will be attending the Families Day at RAF Odiham where we will display. The next 2 days large crowds at the Lowestoft Seaside air festival will have the opportunity to see our big Russian beast display.

As usual there are the events to be held at Popham and other shows where members of the crew will be available to open the aircraft for public and members to look around. The first weekend in May is just such an event. For further details of the events at Popham and all other events please refer to your website at <http://an2club.info/events.htm>
